What Personal Information About Customers Does Curito.in Gather?

The information we learn from customers helps us personalise and continually improve your shopping experience at Curito.in. We use your information to assist sellers in handling orders, deliver services and products, process payments, communicate with you about orders, services, products and promotional offers, update our records and generally maintain your accounts with us, display content such as wish lists and customer reviews and recommend merchandise and services that might be of interest to you. We also use this information to improve our platform, prevent or detect fraud or abuses of our platform and enable third parties to carry out technical, logistical or other functions on our behalf.

Here are the types of information we gather.

Information You Give Us: We receive and store any information you enter on our platform or give us in any other way. You can choose not to provide certain information but then you might not be able to take advantage of many of our features. We use the information that you provide for such purposes as responding to your requests, customising future shopping for you, improving our platform, and communicating with you.

Automatic Information: We receive and store certain types of information whenever you interact with us. For example, like many websites, we use "cookies" and we obtain certain types of information when your Web browser accesses Curito.in or advertisements and other content served by or on behalf of Curito.in on other Web sites. We may also receive/store information about your location and your mobile device, including a unique identifier for your device. We may use this information for internal analysis and to provide you with location-based services, such as advertising, search results, and other personalized content.

E-mail Communications: To help us make e-mails more useful and interesting, we often receive a confirmation when you open e-mail from Curito.in if your computer supports such capabilities. We also compare our customer list to lists received from other companies in an effort to avoid sending unnecessary messages to our customers. If you do not want to receive e-mail or other mail from us, please adjust your Customer Communication Preferences.

Information from Other Sources: We might receive information about you from other sources and add it to our account information.

By using or continuing to use the site you agree to our use of your information (including sensitive personal information) in accordance with this Privacy Notice, as may be amended from time to time by Curito.in in its discretion. You also agree and consent to us collecting, storing, processing, transferring and sharing information (including sensitive personal information) related to you with third parties or service providers for the purposes as set out in this Privacy Notice.

We may be required to share the aforesaid information with government authorities and agencies for the purposes of verification of identity or for prevention, detection or investigation, including of cyber incidents, prosecution and punishment of offences. You agree and consent for Curito.in to disclose your information, if so required, under applicable law.

- **Business Transfers:** As we continue to develop our business, we might sell or buy stores, subsidiaries or business units. In such transactions, customer information generally is one of the transferred business assets but remains subject to the promises made in any pre-existing Privacy Notice (unless, of course, the customer consents otherwise). Also, in the unlikely event that Nimbus Systems Private Limited or substantially all of its assets are acquired, customer information will of course be one of the transferred assets.
- **Protection of Curito.in and Others:** We release account and other personal information when we believe release is appropriate to comply with applicable law; enforce or apply our Conditions of Use and other agreements; or protect the rights, property or safety of Curito.in, our users or others. This includes exchanging information with other companies, organisations, government or regulatory authorities for fraud protection and credit risk reduction. Obviously, however, this does not include selling, renting, sharing or otherwise disclosing personally identifiable information from customers for commercial purposes in a way that is contrary to the commitments made in this Privacy Notice
- **With your consent:** Other than as set out above, you will receive notice when information about you might go to third parties and you will have an opportunity to choose not to share the information.
